Happy World Radio Day 2025!

On this special day, we celebrate the power of radio as a tool for communication, education, and unity. Radio remains one of the most accessible and impactful forms of media, connecting communities, amplifying voices, and keeping us informed.

As Chairman of the Media, Youth, Sports, and Culture Committee, I recognize the invaluable role that radio plays in shaping public discourse, promoting cultural heritage, and empowering our youth. Let us continue to support and appreciate our broadcasters, journalists, and media professionals who work tirelessly to keep the nation engaged and informed.

Happy World Radio Day to all Seychellois!

Hon. Wavel Woodcock

Chairperson- Media, Youth, Sports & Culture Committee
